What could Local Employment Partnerships do for your business?

Searching for the right person for your business has always been a challenge – time-consuming, costly, sometimes frustrating.

Local Employment Partnerships provide a new solution with Jobcentre Plus and employers like you agreeing to work together to unlock the talent available in the local community.

Thousands of employers have already signed up, and they tell us that Local Employment Partnerships are simple and effective, often saving them time and money.

What's more, to help make your next recruitment decision even easier, Jobcentre Plus are offering £1000 for every eligible person that you recruit, who has been claiming Jobseeker's Allowance for six months or more.*

To qualify, the employee simply needs to work an average of 16 hours per week for a minimum 26 week period.
